Note Adobe calls the folder where you store images on your computer, as well as the stored files themselves, your `_Photoshop.app_` folder. You can also see this location on the File Browser dialog when you open a file, as shown in Figure 9-3. Importing from a memory card or a USB drive is very similar to the import from CD/network method. Just remember to type the path in quotes, if it's not in the Documents/Adobe Online Service folder. 5. Using the File Browser, navigate to the root `_Adobe Online Service_` folder on your computer. You should find your file there.

Q: How do I convert a number into a friendly one? I'm getting a result like this one: 10000 But I'm looking for something like this: 10,000,000 So the question is: How do I convert a number like this: 10000 Into a friendly number like this? 10,000,000 I do know how to add zeros with the modulo operator, but this is the only thing I know. A: Store the value as a string in a loop and then display the stored string using the numberToWords method `console.log(1000); function numberToWords(num) { var text = ""; while (num > 0) { text += '0' + Math.floor(num / 1000); num %= 1000; } return text; } console.log(numberToWords(10000));`

MELBOURNE (Reuters) - A British satellite firm said on Tuesday it had filed a court challenge in Germany against the planned takeover of its owner by a consortium led by Russian state-owned commercial bank VTB VTB.MM, a move that could imperil British-German aviation security cooperation. FILE PHOTO: The ticker and trading information for VTB Bank is displayed at the post where it is traded on the floor of the New York Stock Exchange (NYSE) in New York City, U.S., July 17, 2018.

REUTERS/Brendan McDermid The British company, Inmarsat IBSG.L, said it had filed its application for judicial review of the takeover in the Landgericht court in Berlin. "The action will seek the annulment of the merger as it is of no benefit to the British public," a spokesman said. Inmarsat, a private company which provides satellite communications services, owns more than 30 percent of a fund which also includes Virgin Group and Lockheed Martin LMT.N. The VTB consortium is offering 800 million euros (\$894.12 million) to take full control of Inmarsat IBSG, and has pledged to make a further 600 million euros worth of equity investments to pay off the fund's debt.
